Attachments: WA_96_Task_1-5 GeochemModel Criteira_6_18_2019.docx

Hi Rick, Please see Mary Ellen's email below about what needs to be done next. We should probably have a call with them to talk about how to wrap all of this up and how much time they need to do it.
Thanks for helping me out with this!

Valois

Subject: WA 96 Revised Task 1.5 Geochemical Model Criteria

Hi Valois and Bruce,

Please find attached revised revision of the draft geochemical model criteria. We've addressed Rick's comments. However, before we call this final, we'll want to get through comments on the support document and acceptance criteria checklist. We think it would be a good idea at that point to do a final review to harmonize all five of the written deliverables (Tasks 1.2, 1.3, 1.5, 1.6, and 1.7) for consistency in content, usage of terms, etc. so that they function as a complementary set of documents.

When you have a moment, can we start thinking about deadlines for the final versions? (I realize you may still be in the middle of reviewing the GM support document and acceptance criteria, which will factor in.)

Mary Ellen
